

Be creative!

Use The Book of Light with Aramaic symbols made by YOU!

To consult *The Book of Light* using your own energy you should select some stones that you like, or sea shells, or small pieces of wood, or buttons...whatever you really like, and draw, paint or engrave the Aramaic symbols that come with the book.

This way, the symbols are creatively made by you. They have your own energy. The connection with the book will be much stronger.

Just try it...and you will see the difference!
